

My name is Susan Quesenberry. I am filing comments regarding the FCC's concerns on localism. MB Docket number 04-233. I am General Manager of Five Star Radio Group which is comprised of WVVR FM, WCVQ FM, WZZP FM, WEGI FM, WKFN AM and WJQI AM. Our metro is Clarksville, TN and Hopkinsville, KY.

I am surprised and disappointed that the issue of localism with radio has become an issue. I know the amount of heart and dedication that our staff and our fellow broadcasters put into our/their local communities. What makes us successful in this market is what we give and bring to our community and in return the support that we receive from our community.

We are gearing up for our Annual Toy Drive on WCVQ. Our morning show camps out at a local Toy's-R-Us, during the first week of December to raise toys for children, who otherwise would not have a Christmas. We do this for not just one, but for every charity in the Clarksville, TN and Hopkinsville, KY area that has children in need. This toy drive has grown so large that we have had to secure an off site facility to house all the toys until the various charities come to pick them up. This is an example of one event on only one of our six stations that makes such a huge impact on our local community.

Listed below are some of the examples of the efforts that we put into our community. This is a small part of what we do as far as localism:

Events Sponsored by 5-Star Radio for Non-profit Groups in 2004. All of the events listed below involved the Radio Stations being on-site and airing public service announcements.

Most of our staff is on a board of various local charities and/or organizations.
There is absolutely no need to question the commitment that broadcasters have to
their local community

Thank you,

Susan Quesenberry
